In-Person Lessons - Precautions & Policies

Updated June 1st, 2021

Precautions:

- Masks are available and will be worn by myself, students, and 1 family member during lessons.
- I will maintain safe distancing (3' - 6' feet) between myself and students/parents during lessons.
- Hand-sanitizer is available to students/parents in the entrance to my teaching studio and bathroom.
- My family and I have received both doses of the Pfizer vaccine in early May.
- I will be running a Medify MA-15 Air Purifier with an H13 HEPA filter in the studio at all times during lessons.
- All surfaces occupied by students will be wiped down after each lesson. (This includes student chair, music stand, instruments, guitar picks etc).
- I will contact students/families to reschedule lessons if myself, or one of my family members becomes sick with covid related symptoms.

Policies:

- **Mask wearing is mandatory in my home/lesson studio - No Exceptions¹.** Parents, students, and myself, must wear a mask fully over their nose and mouth at all times when entering the home lesson studio and during their lesson. I keep disposable masks on hand in the event someone forgets to bring their mask.
- **Reporting Symptoms:** If you and/or family members have a fever, or are sick please contact me to reschedule your lesson. I promise to do the same.

¹I respect that there are divergent views on Covid-19 and masks. Since my lesson studio is also my personal residence I retain the right to require masks in the teaching space at all times.

- **2-Person Occupancy Limit:** No more than 2 people of one family/household will be allowed to enter home lesson studio during their lesson time. Since I require parent's to be present during their child's lesson this will include the student and their parent. Unfortunately, I cannot allow additional siblings, friends, family members to come into the studio if that exceeds my 2 person occupancy limit².
- **These policies and procedures are subject to change according to WA State guidelines** ³ I will do my best to update student's and families in a timely manner.

² If a parent must also tend to their student's sibling(s) during a lesson I would prefer that they wait on-site in their car and remain present through use of the Zoom mobile app (I can set up a zoom meeting link for them to join the lesson via a webcam in my studio). However, if the weather is unseasonably hot/cold then they are welcome to sit out in the hallway just outside the lesson space.
